25X1

- On 19 April 1951, the Wiener Neustadt (O 43/X 35) airfield was occupied by fifty-six conventional and jet fighters. The number of jet fighters, which were fitted with swept-back wings, was estimated at fourteen. About twelve fighters were seen on the western edge of the field. Flying was not observed.

25X1

- Truck [redacted] was parked in front of a motor vehicle repair shop at the eastern edge of the field. The repair shop had a capacity of about forty trucks. Motor vehicles running regularly between the airfield and the town and the field and the Pauerwerksanstalt (pyrotechnic plant) in-

25X1

[redacted] trucks were loaded with billet equipment. Radio truck / [redacted] was seen near the airfield administration building. 25X1

- Two fighters with in-line engines but without wings and two Pe-2s were seen at the Theresienfeld factory field.

25X1

- Motor vehicles parked in the area of the former Nachrichten Kaserne included trucks [redacted] and ambulance [redacted] two tank trucks and one passenger car. *
